Tortured & the Tears

Alvarez Kings

One broken heart in two opposite directions
A curse of the heart what was bound always falls apartA gentle smile
A subtle kiss
For what it's worth I'll always miss
The torture, the tears
The terrifying dramatic endingsThe pain you disguise, not a mirror
But an open window
The strings to your heart echo chords in a minor keyA gentle smile
A subtle kiss
For what it's worth I'll always miss
The torture, the tears
The terrifying dramatic endingsYou with those eyes
Illuminate and light up the sky
Illuminate and light up the sky
Illuminate and light up the skyA gentle smile
A subtle kiss
For what it's worth I'll always miss
The torture, the tears
The terrifying dramatic endings
The torture, the tears
The terrifying dramatic endingsA gentle smile
A subtle kiss
For what it's worth I'll always miss
The torture, the tears
The terrifying dramatic endings
The torture, the tearsThe terrifying dramatic endings
The torture, the tears
The terrifying dramatic endings
The torture, the tears
The terrifying dramatic endings
