

You Have Conquered All

Rockford First Worship

Oh God
You are my strength
I put my trust in you
No storm that comes
Will overcome
Oh God
You are my strength

Oh God
You are my song
That tells of how you won
Upon the cross
My hope secured
Oh God
You are my song

All my fear
All my sin
And the wall within
You have conquered all
You have conquered all
The winning way
And the power of your grace
You have conquered all
You have conquered all

Oh God
Our savior king
The cross
Was not the end
You lost a life
Our victory
Oh God
Our savior king

All my fear
All my sin
And the wall within
You have conquered all
You have conquered all

The winning way
And the power of your grace
You have conquered it all
You have conquered it all

All my fear
All my sin
And the wall within
You have conquered all
You have conquered all
The winning way
And the power of your grace
You have conquered it all
You have conquered it all

You have conquered all
You have conquered all
