Don't Step On My Feet

Moss Agate

If you follow me closely you probably know where I'm goin' but please don't get too close to me. If you're clinging too tightly... might step on my toes as I turn around...still some turns in my destiny. So don't step on my feet, I'm still meeting people. If you're watching me closely you know where I'm coming from, but don't look away or you'll miss me. Don't make me your study, or invade my privacy, I'm a book with a cover you can't see. So don't step on my feet, I'm still meeting people. If you hear what I'm sayin', you know what I'm sayin', but don't look too deep for no prophecies. I just go where I'm goin', do what I'm doin', and you can come 'long if you agree but don't step on my feet I'm still meeting people. No, don't step on my feet, 'cause I might just stumble.
