Moonshine

Hardcore Superstar

Don't talk about moonshine
Don't talk about white wine
I'm gonna find lies sick twisted strange kindDon't talk about moonshine
Don't talk about white wine
I'm gonna find lies sick twisted strange kindI spit my tongue out be stupid don't say
I say the worst things and call it on his face
That's something wrong here I contained my worst fear
It's soul in meDon't talk about moonshine
Don't talk about white wine
I'm gonna find lies sick twisted strange kindI can't sleep with the sunshine
You stop our white line
Sick twisted kindNo doubt about it got promise within my head
Don't try to hide it that's what my girl said
I'm on my own don't get it on
Leave me alone
Alone yeaDon't talk about moonshine
Don't talk about white wine
I'm gonna find lies sick twisted strange kindI can't sleep with the sunshine
You stop our white line
Sick twisted kind*Guitar solo*Don't talk about moonshine
Don't talk about white wine
I'm gonna find lies sick twisted strange kindDon't talk about moonshine
Don't talk about white wine
I'm gonna find lies sick twisted strange kindDon't talk about moonshine
Don't talk about white wine
I'm gonna find lies sick twisted strange kindI can't sleep with the sunshine
You stop our white line
Sick twisted strange kind
Oh oh oh oh
Sick twisted strange kind
Oh oh oh oh
Sick twisted strange kind
Oh oh oh oh
