One Day At A Time

Jeremy Camp

One day at a time I will walk this road I've traveled so far
One day at a time well I know I will carry on
One day at a time I can see you took my life this far
One day at a time I will take this faith along
And all this hope I breathe is given by the hand that carries me
Until I'm complete and I'll take all I will
To understand this plan you have for me, for me
I've been shut up shut down held out held down
When I never knew I would, I can't feel your fullness in my life
Well I've been burned out broken torn out torn down
When I never knew I would, I can't feel your fullness in my life
One day at a time I will take these words you've given me
One day at a time I will rest in knowing you
One day at a time I will share this gift you've given me
One day at a time I will walk these valleys through
And all I know is that I see how much my heart

Is longing to be cradled by your side
And I'll give all I can to one day soon be held by your hand, by your hand
I've been shut up shut down held out held down
When I never knew I would, I can't feel your fullness in my life
Well I've been burned out broken torn out torn down
When I never knew I would, I can't feel your fullness in my life
In all these things I will press on here
I'll be with you I know it won't be long
I've been shut up shut down held out held down
When I never knew I would, I can't feel the fullness in my life
Well I've been burned out broken torn out torn down
When I never knew I would, I can't feel your fullness in my life
Well I've been shut up shut down held out held down
When I never knew I would, I can't feel the fullness in my life
One day at a time, one day at a time
