Personal Manager

Teddy Wender

I want to be your personal manager babe
I want to do everything I can for you
I want to be your personal manager babe
I want to do everything I can for you
Yes I want to be right there beside you little girl
When all of your so called friends are throughIf you sign my contract baby
You know all your worries is over for you
If you sign my contract baby
You know all your worries is over for you
Yeah I want to be your milkman every mornin'
Your ice cream man when the day is through[I want to be with you baby Ho! Yeah!]I'll take care of all of your business
So you can stay at home
You can rest assured little girl
That I won't let nothing go down wrongI want to be your personal manager baby
I want to do everything I can for you
Yes I want to be your milkman every morning
Your ice cream man when the days are through[That's rightI'm takin' care of all of your businessYou won't have to worry 'bout a thingjust lay there]
