Oh My God

Dovetail Joint

I've tried a million times in as many days
To make some sense of it, most say ancestryThe thought of the warring from it
Affects all we do
If that was the way then this
Can't be the same fightIf 'Oh my God' is what you need
It works for me
But I don't believe in any creed
That's been forced on meWhen each of us acts so inclined
We make it true and
And then perpetuate the
'Oh my God' in all thatI don't profess to be so bold as
To say I'm right
But I am right
To second guess any issueIf 'Oh my God' is what you need
It works for me
But I don't believe in any creed
That's been forced on meWhen each of us acts so inclined
We make it true and
And then perpetuate the
'Oh my God' in all thatOh my God
And 'Oh my God' in all that
Oh my God
And 'Oh my God' in all thatDid someone say, "Put the fear
Of God into that boy?"'Oh my God' in all that
Oh my God
'Oh my God' in all that
Oh my God'Oh my God' in all that
Oh my, oh my God
And oh my God
