Untitled

Psordid

Lost
Shameless we walk the streets
All
Scavenge for a bite to eat

Last years rags come to warm my bones
Cardboard box have become my home
I canâ€™t believe this has befallen me
Look into this mirror you see

The sun rises harder today
And sometimes I can say
That itâ€™s just for me
â€˜Cause I could never be, what you wish of me
Just call me the Untitled one

Father
Mother, daughters and sons
Behold
The echo I have become

Embrace the sight of a forgotten fight
Waiting for you in the eternal night
You canâ€™t believe this has befallen me
Look into this mirror you see

The sun rises harder today
And sometimes I can say
That itâ€™s just for me
â€˜Cause I could never be, what you wish of me
Just call me the Untitled one
