Stereotypical

Natasha Thomas

said i know were in one of those
stereotypical typa' relationships
the kind where your comfortable
do whatcha wanna do
go where you wanna go
cheat if you wanna cheat
you feel it's acceptablei'm seeing where we went wrong
together for too long
feelings ain't strong enough
to keep us holding on
and i cried too many times, over this
and you've lied too many times over thisthis ain't no 'stereotypical'
this ain't no 'ordinary average'
this ain't no 'still be friends'
cause i never wanna see you againno whoathis ain't no 'baby i'mma miss you'
this ain't no 'one more time kiss you'
this ain't no 'still be friends'
cause i never wanna see you againno whoaand I'm tryna figure out
what kept me holdng on
what everybody else started saying that you doing wrong
ain't like you had the decency to let me know
that you was out late creeping on the lowcould of done been gone
could of done moved on
cause i know i deserve better than some second hand love making
so I'm gone pick myself up and be strong
cause it ain't your typical stereotypical break up songthis ain't no 'stereotypical'
this ain't no 'ordinary average'
this ain't no 'still be friends'
cause i never wanna see you againno whoathis ain't no 'baby i'mma miss you'
this ain't no 'one more time kiss you'
this ain't no 'still be friends'
cause i never wanna see you againno whoasaid i don't wanna hear from you ever again
(this ain't no stereotypical)
said i don't wanna see your face again
(this ain't no stereotypical)
said you don't get to talk to my mama, don't wanna star in a drama
i just wanna walk away
don't even wanna know your name
i know you hear me when i say

yeah haythis ain't no 'stereotypical'
this ain't no 'ordinary average'
this ain't no 'still be friends'
cause i never wanna see you againno whoathis ain't no 'baby i'mma miss you'
this ain't no 'one more time kiss you'
this ain't no 'still be friends'
cause i never wanna see you againno whoathis ain't no 'stereotypical'
this ain't no 'ordinary average'
this ain't no 'still be friends'
cause i never wanna see you againno whoathis ain't no 'baby i'mma miss you'
this ain't no 'one more time kiss you'
this ain't no 'still be friends'
cause i never wanna see you againno whoa
