Easy

Bonnie McKee

[Intro]
All I need, all I need
I need something easy[Verse 1]
You walked right in as I was closing the door
I'm just escaping from the eye of the storm
I didn't mean to tumble into your arms
They're not my baby's but they're keeping me warm[Pre-Chorus]
Cause you touch my skin and the pain is fading
You're my medicine and I wannna take it[Chorus]
I want something easy
Why don't you just lay your hands on me
Give me what I need
Easy
Come on and just heal my hungry heart
Get me through this part
All I need, all I need
I need something easy[Verse 2]
You are a candle and I'm scared of the dark
I couldn't handle this, without you I'm lost
I'm sorry baby, cause I know you want more
Slow down the pace until my heart's off the floor[Pre-Chorus]
Cause you touch my skin and the pain is fading
You're my medicine and I wanna take it[Chorus]
I want something easy
Why don't you just lay your hands on me
Give me what I need
Easy
Come on and just heal my hungry heart
Get me through this part
All I need, all I need
I need something easy[Bridge]
Help me, help me
Help me, help me
Cause I don't know how to be alone
When I'm on my own I'm afraid to close my eyes
Hold me, hold me
Hold me, hold me
Cause when you're here with me, all I have to feel
Is your body heat, when you're laying next to mine[Pre-Chorus]

Cause you touch my skin and the pain is fading
You're my medicine and I wanna take it[Chorus]
I want something easy
Why don't you just lay your hands on me
Give me what I need
Easy
Come on and just heal my hungry heart
Get me through this part
All I need, all I need
I need something easy
All I need, all I need
Baby, baby, baby
