Hallo Hallo

Ã˜ystein Dolmen

Hallo hallo
Hallo hallo
Hallo hallo
Hallo halloComing from my work, I'm tired
I see you get on my bus
Here I go again, a new attractionAnd I think, I know you
Something is familiar 'bout your face
I move through the crowd
So I can get a better look(Hallo hallo)
I've got what you're searching for
(Hallo hallo)
Can't you see me? Hallo(Hallo)
Everybody's looking for a crazy heart
Can't you see me?
I'm here, beside youWeren't you the one that spilled
My long drink over at a bar?
"Easy come, easy go"
I said and laughedLooking like a question mark
You stood there wondering what to do
Then I said to you
"Don't you look too happy now"(Hallo hallo)
I've got what you're searching for
(Hallo hallo)
Can't you see me? Hallo(Hallo)
Everybody's looking for a crazy heart
Can't you see me, I'm happy?(Hallo hallo)
Here I'm standing next to you
(Hello hello)
I'm an object, nothing new(Hello hello)
Talk to me, you're looking strange
Let me know if my presence is bothering youHallo hallo, everybody's looking
Oh, can't you see me?
Hallo hallo
Everybody's searching
Oh, can't you see me?Hallo hallo, everybody's looking
(A crazy heart, a heart)
(Oh, can't you see me?)Hallo Hallo, everybody's searching
Oh, can't you see me?
Hallo
