Rogue Traders

White lightning
Your kiss has struck me down
White lightning
You had me blown awayWhite lightning
I think I've got a taste for
Your bad energyWhite lightning
The doctors say it's over
White lightning
They think I've gone insaneWhite lightning
Cause on a stormy night
I'm, I'm looking for your faceI'm looking for your faceWhite lightning
Your kiss has struck me down
White lightning
You had me blown awayWhite lightning
I think I've got a taste for
Your bad energyWhite lightning
The doctors say it's over
White lightning
They think I've gone insaneWhite lightning
Cause on a stormy night
I'm, I'm looking for your faceI'm looking for your face
I'm looking for your faceYour kiss has struck me down
You had me blown away
I think I've got a taste for
Your bad energyWhite lightning, white lightning
I'm looking for your face
