Garden Road

Rush

Passin' down this garden road
I've passed it many times
Beauty flashing in the air
Garden's many vines
Today I see the answer that I was wrong
Oh man, my questions on this garden roadOne day this path will be free
And this garden road is for you and meNothing seems to pass my grip
And my every thought
Judging by my memory
Has me by some hold
Answers to the questions I must know
Most of them are questions of this garden road
One day this spell will be free
And this garden road is for you and me
Passin' down this garden road
I've passed it many times
Beauty flashing in the air
But I'm really fine
You see, I see the answer, I must know
Oh man, my questions of this garden roadOne day this path will be free
And this garden road is for you and me
