Fear of Men

I sink like a stone with all your weight up on me
weight up on me
Your eyes in the ground will leave a stain upon me,
stain upon meCause I'm nothing like you (ooh)
Cause I'm nothing like you
I can never tell you the trut
You know there's a price to pay
for living through me
You know there's a price to payShow me
What I used to be
Show me
What I used to be
I'm gon' need a diamond stone to release me, to release me x2Cause I'm nothing like you (ooh)
I could never tell you the truth
You know there's a price to pay
For living through meShow me
What I used to be
Show me
What I used to be
I'm gon' need a diamond stone to release me, to release me x2
