I'm not gonna spit game, send me a pic babe
Does anyone smell that? Damn you're shit babe
Whatever you want girl, send me your list babe
Your voice is music, and it's a hit babe
I'm only here to give you everything you ever wanted
If you want it baby here's your chance
And I'm only 19 but believe I'll give it to you better than he can[Hook]
It's raining love, love, love
Love, love, love, love
It's raining love, love, love
Love, love, love, love[Verse 1]
See nights like this I wish that the rain would fall
And I make these nights for all, for all
For all the heartbreakers and chasers played around with your heart now
And I'mma make these niggas find out
And I'mma brighten up your dark now
Cause late at night I dream of you, whoa, so
Then I will sleep I need you I know, so
If it's all the same your boyfriend is so so
How does he complain with a girl that's so oh whoa!
And I know you out there looking for love and that's alright
I hear you telling all of your friends I'm not your type
But let's be honest girl there's no point to lie
Cause it's raining love and we gon' turn it up for one night
Nights like this I wish that the rain would fall
We could be the storm and one kiss is all[Hook][Verse 2]
One time for the girls in the sweaters
Who do everything better than our exes, right
Two times for the girls with the curls
And an ass like they got down in Texas, 'ight
Had me like "damn," when I seen your face
Made me forget what I had to say

We might as well get a room for a week
Cuz damn girl you done got ass for days
these niggas aint loyal, I swear they aint for you
And I don't even fight, I'll hit that nigga for you
Like for really, I'm not the nigga to lie
Run a polygraph girl all I know is the truth
And the truth is all that college is useless
Cuz your brain's amazing, but that ass stupid
Me and you could do things, I don't usually do this
I'mma take you higher than my condo roof is
Yeah[Bridge]
And I know you out there looking for love and that's alright
I hear you telling all of your friends I'm not your type
But let's be honest girl there's no point to lie
Cause it's raining love and we can turn it up for one night
Nights like this I wish that the rain would fall
We could be the storm and one kiss is all
