I Choose You

Rebecca Ferguson

What rules you makes you happy
But your love will be your guide
What you desire
Becomes your fire
To keep you burning
Constant yearning
When I decide
To leave my prideChorus:
I choose you
I choose happiness
I choose being myself
Despite everything else
I choose you, I choose you
I choose youI can make new plans
Leave this strange land
So I can be near you
So my love can feel you
Don't want no confusion
Want you to know
I'm always here
You're worth the weight in gold
Despite the lies I toldChorus:
I choose you
I choose happiness
I choose being myself
Despite everything else
I choose you, I choose you
I choose you
(repeat chorus)I choose you
I choose you
I choose you
I choose youHook:
And I been trying, boy
It seems like I no longer cared
Dreams don't last forever baby
But my pride is gone
My pride is goneAnd I choose you
I choose happiness
I choose being myself

Despite everything elseChorus:
I choose you
I choose happiness
I choose being myself
Despite everything else
(repeat chorus)I choose you
I choose you
I choose you
I choose youCause I been trying hard
Though it seemed I no longer cared
I choose you, you
You, I choose you
