Nothing but Trouble

Nitrogods

Do you ever have the feeling that you constantly
been dreaming this is life?
Everyone I know is not around and
Lucy's still been crawling underground.
Their eating all my shotgun smiles
Yeah eating all my shotgun smiles
I'm nothing, I see nothing but double (elongation)
Don't listen to me, I'm nothing but trouble
I'm losing my mind....
I don't want wanna see another night.
No I don't want to taste another lie
The walls are breathing in and now I
continue to deny another
Their eating all my shotgun smiles
Yeah eating all my shotgun smiles
I'm nothing, I see nothing but double (elongation)
Don't listen to me..I'm nothing but trouble
I'm losing my mind..
Noooooooo...don't listen to me...I'm nothing but trouble
I'll leave you inside (elongation)
(Outro verse)
I,I can't let it be
I,I can't let it be
I,I can't let it be...I...I can't
