

Summer (Where Do We Begin?)

Phineas

Summer is running through the sprinkler in your t-shirt shoes and jeans. Rollin down a grassy hill yeah that's what summer means to me. Its true there's so much more to do. The days are longer the nights are shorter the sun is shining it's noticeably warmer. Summer every single moment is worth its weight in gold. Summer it's the world's best story and it's waiting to be told. Its ice cream cones and cherry soda dripping down your chin yeah it's summer where do we begin. Summer its ponds and pools and garden hoses trying to beat the heat summer its bicycles and rollerskates and even just bare feet. Its also surfing tidal waves creating manobots and locating Frankenstein's brain. Finding a dodo bird or painting a continent or driving your sister insane. Oh wait maybe we're going to fast. Summer its crickets and cicadas and a glass of lemonade. Summer its sitting with your brother under the shade of a big tree. Yeah that's what summer means to me. The days are longer the nights are shorter the sun is shining and it's noticeably warmer. Summer every single moment is worth its weight in gold. Summer it's the world's best story and it's just waiting to be told. Its ice cream cones and cherry soda dripping down your chin. Its summer man where do we begin its summer man where do we begin its summer man where do we begin. Summer where do we begin summer where do we begin
