My Love Is Here

Jim Brickman

Words nothing but words
For me to show
How much my love for you
Unfolds through trouble and fears
This love feels so real, and I need you to knowEven though we're far apart
You're right beside me in my heartDon't you know my love is here?
Don't you know my love is real?
You should know by now
This much is true
My love is here for youTime, nothing but time
To make up your mind
I'll give you all that you need
I want you to know, I'll never let go
Till you come back to meAnd even though you're far away
I am right beside you day by dayDon't you know my love is here?
Don't you know my love is real?
You should know by now
This much is true
My love is here for youAnd even though we're far apart
You're right beside me in my heartDon't you know my love is here?
Don't you know my love is real for you?
You should know by now
This much is true
My love is here for you
