Better Find Jesus

Mason Proffit

Verse One:

You talk about the world and how itâ€™s wrong and right
You scream and talk peace and then youâ€™re ready to fight
Throwing a brick in the name of love, talking but you never settle anything.

Chorus:

You better find Jesus,
You better find Jesus,
You better find Jesus,
You better find love.

Verse Two:

Letâ€™s take a look now at main lines
Did you ever listen to a soldier, listen to his side?
Heâ€™ll tell you about a woman, she can run and make a â€˜uâ€™
You receive her she throw you a bottle, and more too.

Repeat Chorus:

Bridge:

Wellllllllllllll, you may not agree with what Iâ€™m trying to say
Let me tell you brother, thatâ€™s okay
I ainâ€™t gonna push onto you what I believe
But it might work for you, â€˜cause it worked for me.

Repeat chorus 3X:

You better find love.
You better find love.
You better find love.
You better find love.
