(Blackstar;Walker)
I have had the same old dream always lately
And I do not want to dream no more
I have had the same recurring dreams lately
And what I have dreamt I am not quite sure
I am not quite sure
Recurring dreams
All that we see
All that we see or seem
Is just a dream
Just a dream within a dream
I have had the same old dream always lately
Day in day out day after day
I had the same old dream again today
And I do not want to dream again
Dream again
