Orpheus

Patricia Barber

Yeah that summer I did nothing
Sleeping and thinking and hanging around
I Left the dark streets of September
As the air was cooling down
Woah yeah it was cooling downI need the sunshine in the mornin'
Heading for the open road
Sunshine in the mornin'
Lord you gotta let it goEver since I lost her
It seems the more I learn the less I know
And everyday I think about her
But if I look back I'm gonna turn to stone to stone
Oh yeah I'm gonna turn to stoneI need the sunshine in the mornin'
Heading for the open road
Sunshine in the mornin'
Lord you gotta let it goI need the sunshine in the mornin'
Yeah I gotta feel its glow
Sunshine in the mornin'
Lord you gotta let it goI'm heading for the open road
I'm heading for the open road
I'm heading for the open road
I'm heading for the open roadI'm heading for the open road
I'm heading for the open road
I'm heading for the open road
I'm heading for the open road
Go yeah cool yeahHit me without warning
I was left out on my own
The bad times they were forming
I went through them aloneBut a new day it is dawning
And I feel my pain is gone
The open road is calling
And I am moving onI need the sunshine in the mornin'
Heading for the open road
Sunshine in the mornin'
Lord you gotta let it goI need the sunshine in the mornin'
Yeah I gotta feel its glow
Sunshine in the mornin'
Lord you gotta let it go
