She's Gettin' There

Sawyer Brown

She loves playin' hard to get, so I just play along
She likes to think she's real tough but I know she ain't that strong
I can see it in her eyes in her heart I know she cares
Oh she ain't mine yet but she's gettin' thereShe's gettin' there, one kiss at a time
Her heart beware, she's showing all the signs
She don't know she loves me but I can feel it in the air
Oh she ain't mine yet but she's gettin' thereShe slips up every now and then, talks about settling down
And when she catches herself, she'll try to do a turnaround
She'll claim she needs her space then want to get together somewhere
Oh she ain't mine yet but she's gettin' thereShe's gettin' there, one kiss at a time
Her heart beware, she's showing all the signs
She don't know she loves me but I can feel it in the air
Oh she ain't mine yet but she's gettin' there
