Do Your Dance

Rose Royce

Whoa, huh, whoa, huh, hey
Whoa, huh, whoa, huh, hey
Whoa, huh, whoa, huh, hey
Whoa, huh, whoa, huh, heyDo your dance, to the rhythm
On the floor, we're just havin' fun
Well, do your dance, to the rhythm
On the floor, we're just havin' fun, well heyWe gon' start at midnight, party till the mornin' light
You see, we can't give up or stop until we get it right
Ain't that right, ain't that right, wooDo your dance, to the rhythm
On the floor, we're just havin' fun
Come on, people, do your dance, to the rhythm
On the floor, we're just havin' funWell, there's a message for your body in this song
Well can't you feel it, it's tellin' you, "Let's get it on"?
So let's get it on, get on up, give it upGood music makes you feel like dancin'
Don't it make you feel good
Don't it make you wanna get down
Good music
Shake it up, shake it 'roundWell, I want everybody to get an attitude
Come on, people, right till it feels good
Put your hand on your hip
And get into this grooveDo your dance, to the rhythm
On the floor, we're just havin' fun
Do your dance, to the rhythm
On the floor, we're just havin' funDo your dance, to the rhythm
On the floor, we're just havin' fun
Do your dance, to the rhythm
On the floor, we're just havin' funGood music makes you feel like dancin'
Don't it make you feel good
Don't it make you wanna get down
Good music
Do your dance, do your danceDo your dance, to the rhythm
On the floor, we're just havin' fun
Do your dance to the rhythm
On the floor, we're just havin' funDo your dance, to the rhythm
On the floor, we're just havin' fun
Do your dance, to the rhythm
On the floor we're just havin' funDo your dance, do your dance
Do your dance, do your dance
