

Bag Of Hammers

Local H

You pin me down, you box my ears
I'll get you back, motherfuck, I'm no baby, I'm no baby
I've made a meal, the first course is crow
Choke it down 'cause you suck, I'm no baby, I'm no babyYou never said smart was your strong trait
Smart never seemed to be a trait at all
And I never wanted to see you go down
But I must admit that I'd like to see youFall right back into your tar trap
And bend your back until it fucking snaps
And I never wanted to hurt you that bad
But I must admit that I'd like to see you fallYou pin me down, you box my ears
I'll get you back, motherfuck, I'm no baby, I'm no baby
I've made a meal, the first course is crow
Choke it down 'cause you suck, I'm no baby, I'm no babyYou never said smart was your strong trait
Smart never seemed to be a trait at all
And I never wanted to see you go down
But I must admit that I'd like to see youFall right back into your tar trap
And bend your back until it fucking snaps
And I never wanted to hurt you that bad
But I must admit that I'd like to see you fallLa la la la
La la la la
La la, yeahYou pin me down, you box my ears
I'll get you back, motherfuck
You pin me down, you box my ears
I'll get you back, motherfuck
You pin me down, you box my ears
I'll get you back, motherfuck
You pin me down, you box my ears
I'll get you back, motherfuck
