Turn The Page

Hypocrisy

Hey! Why don't you ever stop?
You're shittin' on yourself and shittin' in the wind
Friends and spittin' on their porch
And about the things you don't understand?Die! Why don't you fuckin' die or run and hide?Ha! Ain't got the fuckin' time to hear you fuckin' lie
You're driving me crazy
Lockin' up I'll fuck you up
I made enough to open talk
You give me no choiceDie! why don't you fuckin' die and run and hide?
Shit! just talk your fuckin' shit spinnin' liesI hear it's callin' judgement day
I feel it's callin' your name
I see it's comin' rollin' in
'Cuz we may never turn the pageYou're face, just hate your stupid face
Don't wanna be around, you when you are near
Dig yourself six feet under
You'll never ever come againI hear it's callin' judgement day
I feel it's callin' your name
I see it's comin' rollin' in
'Cuz we may never turn the pageDo you think I care what's on your mind?
I don't wanna see your ugly faceI got no time
I run and hideTurn you upside down
Don't wanna waste our time
Send you straight to death
I'm gonna put you down in HellI hear it's callin' judgement day
I feel it's callin' your name
I see it's comin' rollin' in
'Cuz we may never turn the page
