Burning Up

Nick Carter

You
You are the game that I wanna play
And I
I just wanna know your name
The way you dance, dance, dance on the floor
While everybody drinks, drinks, drinks, drinks some more
It got me thinking 'Damn!'
I wanna take you back home with meThis club is so high
And your light it up it's ready to blow
Hands up, don't stop
If you're sexy then get out of controlLet's get fired up, get, get fired up
Let's get fired up, get, get fired up
Let's get fired up, get, get fired up
Let's get fired up, get, get fired up[Chorus] :
I'm burning up and up
I'm burning up and up
I'm burning up and up
So won't you sexy people burn it upYou not tryin' to sweat cause you have bought a nice dress
Don't you think, do you think your stylin'
Took a shot now she is whylin'
Haha reversin', poppin', drop it, drop it, stock markin'
She wet and I'm coast guardin'
I'mma let my boy Nick tell em wh-wh whats poppin'The way you shake, shake, shake, shake that ass
It makes me wanna come, come, come get it fast
You got me thinking 'Damn!'
I wanna take you back home with meThis club is so high
And your light it up it's ready to blow
Hands up, don't stop
If you're sexy then get outta controlLet's get fired up, get, get fired up
Let's get fired up, get, get fired up
Let's get fired up, get, get fired up
Let's get fired up, get, get fired upLets go!I'm burning up and up
I'm burning up and up (let's go, let's go, let's go)
I'm burning up and up
So all you sexy people burn it upSo everybody that is hot
Just cool off here and just take a shot
Put your cup in the air
And say you don't care
I don't care

Yo I don't care
Put your cup in the air and say you don't care
I don't care, I don't care
Put your cup in the air and say you don't care
Cause it's burnin' up in hereI'm burning up and up
I'm burning up and up
I'm burning up and up
So won't you sexy people burn it upI'm burning up and up
I'm burning up and up
I'm burning up and up
So all you sexy people burning upI'm burning up
