

# So I Need You

## 3 Doors Down

If you could step into my head  
Tell me, would you still know me?  
And if you woke up in my bed  
Tell me, would you hold me? Or would you simply let it lie?  
Leaving me to wonder why  
I can't get you out of this head  
I call mine and I will say Ohh, I can't let you go my little girl  
Because you're holding up my world, so I need you  
Your imitation of my walk and the perfect way you talk  
It's just a couple of the million things that I love about you So I need you  
So I need you  
So I need you  
So I need you And if I jumped off the Brooklyn Bridge  
Tell me, would you still follow me?  
And if I made you mad today  
Tell me, would you love me tomorrow? Please Or would you say that you don't care  
And then leave me standing here  
Like the fool who is drowning in  
Despair and screamin' Ohh, I can't let you go my little girl  
Because you're holding up my world, so I need you  
Your imitation of my walk and the perfect way you talk  
It's just a couple of the million things that I love about you So I need you  
So I need you  
So I need you  
So I need you I'm on my own  
I'm on my own  
I'm on my own  
No, no, no, no  
No, no, yeah, yeah Ohh, I can't let you go my little girl  
Because you're holding up my world, so I need you  
You're imitation of my walk and the perfect way you talk  
It's just a couple of the million things that I love about you So I need you  
So I need you  
So I need you  
So I need you, baby, yeah
