Follow You

Monitor 66

Everybody tells me I am wrong
When I know I'm not
Something in me moves me to be strong
'Cuz it's all I got
And I don't know what to say
When you ask me everyday
And my mind won't let me play
The thought of you, well, the thought of you
So tell me what you need, I'm getting stronger
If you will help me see, it won't be long now
It's time for you to leave
And I will follow you, will follow you
Now, it's you that tells me I am wrong
When I know I'm not
It's all 'bout you, I don't listen to this song
It's all I've got
And I don't know what to say
When you ask me everyday
My mind won't let me play
The thought of you, the thought of you
So tell me what you need, I'm getting stronger
If you will help me see, it won't be long now
It's time for you to leave
And I will follow you, will follow you
Isn't it great, how you're restless on my mind?
Singing songs of broken lives to clear [Incomprehensible]
So baby, it's great how someone let me find
To believe that I'm alive, your picture in my mind
Your picture in my mind, your picture in my mind
And I don't know what to say
When you ask me everyday
But my mind won't let me play
By the thought of you, by the thought of you
So tell me what you need, I'm getting stronger
If you will help me see, it won't be long now
It's time for you to leave
And I will follow you, will follow you
So tell me what you need, I'm getting stronger
If you will help me see, it won't be long now

It's time for you to leave
And I will follow you, will follow you
I will follow you, will follow you
I will follow you, will follow you
