Alligator Aviator Autopilot Antimatter

R.e.m.

I feel like an alligator
Climbing up the escalator
Climbing up the escalator
I feel strong
I feel like an aviator pilot
Thinks you wouldn't buy it
I'm feeling violent
[Incomprehensible] your bleeding eye in
Turn up the flier
Hey, hey, alligator, you've got a lot to learn
I have got, have got a lot to learn
I feel like an autopilot
I'm the world's strongest island
I feel like a rage coming under my hood
I feel good and calm like a robot would
I feel like an autopilot
I feel like an autopilot
I am not a hater, hater, hater, hater, hater
Hey, hey, alligator, you've got a lot to learn
I have got, have got a lot to learn
I feel like a contradiction
I'm a walking science fiction
I don't know which way to turn
I've got a lot to learn
I've got a lot of, lot to learn
If I didn't like the way you stared at me
If I didn't like the way you stared at me
I could knock the sideways, I could knock you blind
I could show you found to the lost and find
I am not an agitator
I feel like an agitator
Climbing up the escalator
Hey, hey, alligator, you've got a lot to learn
I have got, have got a lot to learn
You've got so much to learn
You've got a lot to learn
