Love Has No Pride

Rita Wilson

Ive had bad dream too many times
To thing that they dont mean much anymore
Fine times have gone and left my sad home
And friends who once care they just walk out my doorChorus:
But love has no pride
When I call out your name
Love has no pride
When theres no one to blame
Id give anything to see you againIve been alone too many nights
To thing that you could come back again
Ive heard you talk: Shes crazy to stay
But this love hurts my so I dont care what you sayChorusBridge:
If I could buy your love, then Id surely try, my friend
And if I could pray, my prayers would never end
But if you want me to beg Ill fall down on my knees
Ask for you to come back,
Id be pleading for you to come back,
Beg for you to come back to meChorus
