Don't You Ever

Gerry & The Pacemakers

Don't you ever take your love from me
Don't you ever go awayDon't you ever take your love from me
'Cause it's with you I wanna stayIf you do, I know just what I'll do, I'll be ever blue
But if you stay and give your love to me, well, I'll be ever trueI've loved you from the very start
Why do you try to break my heart?I'll be faithful, I'll be true, I'll never be blue
So if you stay and give your love to me, well, I'll be ever trueI've loved you from the very start
Why do you try to break my heart?I'll be faithful, I'll be true, I'll never be blue
So if you stay and give your love to me, well, I'll be ever true
I'll be ever true, I'll be ever true
