5am

Appleton

It's 5 o'clock in the morning
And I give up on sleep
Life with a conscience
I decide to walk awaySo I find my possessions
And slide from your room
Ignore all regrets
I push myself into the streetI, I, I, I don't want to talk
I've said my piece and I'll just go now
I would love to believe and be
Content to wait with you againAt 6 o'clock in the morning
You'll awake all alone
And pause for a moment
To damn or bless me as you wishI, I, I, I don't want to talk
I've said my piece and I'll just go now
I would love to believe and be?
Content to wait with you againI agree, it will never be right
And I'll just go now and I'd love to believe
And I'd be content to wait with you again, again, againI, I, I, I don't want to talk
I've said my piece and I'll just go now
I would love to believe and be
Content to wait with you again
