# Roses

## Alice Wallace

So here we are, we've come this far
It?s never been so good
Nothing ever lasts forever
So maybe now we should
Try an' hold on to what we got
'Coz the only thing worth living for is love
So live a dream, forever it means
Treat money like a God
Coming clean for the part of the scenes
Now the devil's in your blood
When we?re running out of luck
Seems the only thing worth living for is love
So come on take my hand
We can go anywhere
Can you see what we've got?
'Coz the only thing worth living for is love
So come on take my hand

We can go anywhere
Can you see what we've got?
'Coz the only thing worth living for is love
An' when at last our time is up
You?ll see the only thing worth living for is love
So come on take my hand
We can go anywhere
Can you see what we've got?
'Coz the only thing worth living for is love
So come on take my hand
We can go anywhere
Can you see what we've got?
'Coz the only thing worth living for is love, is love
It?s the only thing worth living for
It?s the only thing worth living for
It?s the only thing worth living for
It?s the only thing worth living for is love
