Timeless

SG ì›Œë„ˆë¹„ (SG Wannabe)

When I feel all alone
A million miles away from home
I just close my eyes and know you're stll loving me
Now I no longer feel alone
This time has only made us grow stronger
Now it's untouchable
And I wanna live in this moment
Forever
And I wanna play this scene over and over and over
Chorus:
Like the river will run
This love will always be strong
When you're here in my arms
I never want it to end
When I look in your eyes
Somehow I realise
That I am truly blessed
Now that you've made this moment timeless

In the heart of the night
I watch you sleep your peaceful dream
Your body's soaked in the pale moonlight
There's nowhere else I'd rather be tonight
And I wanna live in this moment
Forever
And I wanna play this scene over and over and over
Chorus
And now I know
That your beauty's gonna live forever
In my soul
Chorus
