Blue Ridge Way

Drivin' N' Cryin'

One rust morning
Heading north
One hundred miles
Turn the morning
See the wonderAn endless flightright
Together weathered
Standing proud
Are you falling?
Or are you growing?And every morning before I wake
I dream of Blue Ridge Way
And every evening before I sleep
I dream of Blue Ridge WayIn the valley
Where God and man must rest
Whisping glory
No manmade skyline
Can please this time lineA blanket statement
A stagnant blankness
Yonah proud
Anna Ruby
Water lavaAnd every morning before I wake
I dream of Blue Ridge Way
And every evening before I sleep
I dream of Blue Ridge Way
