Lead Me On

Lindi Ortega

I know there will be pain
When you take the reins that lead me on
There's nothing much to gain
When you yank the chain that leads me onJust like a sad, sorry horse
Doing circles 'round a course
Chasing after something I will never have
Am I just spinning my wheels
In this unfortunate ordeal?
It doesn't matter where the line is drawn
'Cause you always lead me onI'm running out of hope
When you pull the rope that leads me on
I'm wasting all my time
Hanging on a line that leads me onJust like a sad, sorry horse
Doing circles 'round a course
Chasing after something I will never have
Am I just spinning my wheels
In this unfortunate ordeal?
It doesn't matter where the line is drawn
'Cause you always lead me on
