What About Me

Clear Cut

How do you right the wrong?
And how do you wrong the right?
Could this be where I belong?
Could you stay with me tonight?
Can I be so complicated?
That nothing else makes sense?
Can my life be overrated?
So I can just pretend?

So how bout you?
How bout me?
Can I just please close my eyes.
Forgive myself for all my lies.
When I'm down on you.
You're down on me.
I will never compromise.
Anything bout you.
So what about me?

Why do you feel the same as I always do?
Do you see what he became?
Did it break your heart in two?
All my faith and my beliefs.
They're half-ass best at times.

repeat chorus

And in ths world that I've conceived.
It's hard to stand in line.
