Empathy (Clarified Vision Mix)

Pigface

Can I steal your mind?
Can I crawl down inside?
And when I am your child
Can I feed in your eye?
Can I drink the air in your lungs?
And can I breathe your sweet thick blood?My love is everywhere
My love will never escape
I love your body and mind
I will never escape
My love is everywhere
My love will never escape
My love is everywhere
My love will never escape
My love is everywhere
No it will never escapeAnd can I take out the claw?
And steal the fruit in your hair?
And throw my body inside?
Down where it's dark and it's greyI love you more than you like
I love your body and mind
I love you more than you like
And it will never escape
My love is everywhere
No it will never escape
Our love is everywhere
I will never escape
