Magnapop

Loud noise hear it could be searing
Distant at all times
Echo could be said, it could be searing
Distant at timesAn ear, an ear, an earLoud noise hear it could be searing
Distant at all times
Echo could be said, it could be searing
Distant at timesAn ear, an ear, an ear can hearLoud noise hear it could be searing
Distant at all times
Echo could be said, it could be searing
Distant at timesLoud noise hear it could be searing
Distant at all times
Echo could be said, it could be searing
Distant at timesDistant at times, distant at times
Distant at times, distant at times
