Signs Of Life

Kriece

I'm not lookin' for trouble, I'm takin' one on the chin
I don't know where I'm going or where to begin
Alone in this room, thinkin' of you and what could've been
The trouble that I've seen, the trouble got to me
And there's no signs of life in here at all
The sound of quiet is deafenin', I'll wait for you to call
And there's no signs of life in here at all
All the trouble that I've seen, the trouble
Won't get the best of me
A la la la la la
A la la la la la
A la la la la la la
Sendin' you out a signal, over land, over sea
From the top of the Great Lakes down to Mississippi
Alone in a room thinkin' of you and those possibilities
The trouble that I've seen, this trouble got to me
And there's no signs of life in here at all
The sound of quiet is deafenin', I'll wait for you to call
And there's no signs of life in here at all
All the trouble that I've seen, the trouble
All the trouble that I've seen, the trouble
Won't get the best of me
And there's no signs of life in here at all
The sound of quiet is deafenin', I'll wait for you to call
And there's no signs of life in here at all
All the trouble that I've seen, the trouble
All the trouble that I've seen, the trouble
Won't get the best of me
