Bouncing Off The Walls

Sugarcult

I'm bouncing off the walls again
I'm looking like a fool again
threw away my reputation
one more song for the RADIO STATION!
I'm bouncing off the walls again
and im looking like a fool again
waking up on the bathroom floor
pull myself back together just to fall once more
My hearts beating out of my chest
and this town is still making me sick
and every penny from my last paycheck
I've blown it on you
I'm bouncing off the walls again
and im looking like a fool again
so go ahead and take a picture
and hang it up so you can tear me down
I dont care
cause im still here
and ive got nothing left to lose

with all the years ive wasted on you
GO
GO
GO
Mom and daddys got the best cocaine
Ridalins never gunna be the same
24 hours on an empty brain
I've got my finger on the trigger and your in my way
I'm bouncing off the walls again
I'm looking like a fool again
i threw away my reputation
one more song for the
RADIO STATION!
I'm bouncing off the walls again
and im looking like a fool again
I'm bouncing off the walls again
and im looking like a fool again
I'm bouncing off the walls again
