Sinner Man

Idris Elba

I met you on the coldest day
And this was unexpected
In such a bitter way
I feel so unaffectedAnd I See the pain
I don't feel the same
YeahYou could show me numbers
I'll show you more
You think you really know me
But are you sure?
Peace and (?)
Down on your door
Chasing the sinner man
Chasing the sinner man
I wish there was another way
But these chains are too protected
I think that I should change
My soul is disconnectedI don't feel the same
When I see the pain yeahYou could show me numbers
I'll show you more
You think you really know me
But are you sure?
Peace (?)
Down on your door
Chasing the sinner manChasing the sinner
Chasing the sinner
Chasing the sinner
Chasing the sinner (?)
Chasing the sinner
Chasing the sinner
Chasing the sinner
Chasing the sinner (?)You could show me numbers
I'll show you more
You think you really know me
But are you sure?
Peace (?)
Outside your door
Chasing the sinner man
Chasing the sinner man
