Running in the Desert

Malea

In the fall of night
Running for my life
In the fall of night
Hope I will arrive
In the fall of night
Hope I will survive this timeI was young
When I lost my mind
I was strong
Enough I stayed alive
There was no one ever by my side
Hold me feed me crying out my name
Something told me to run but I stayedRunning in the desert
As fast as I can
Trying to lose forever
What's stuck in my head
I can hear it coming
Coming in the windRunning in the desert
Faster I breathe
Trying to find whatever
I cannot see
Running in the desert
Hope you find meAnd it feels like this could take some time
Man I feel like I am going blind
I can still remember
I can still remember
Love
I was young
When I lost my mind
I was strong
Enough I stayed alive
There was no one
Ever by my sideHold me feed me
Crying out my name
Something told me to run but I stayedRunning in the desert
As fast as I can
Trying to find whatever
I don't understand
I can hear it coming
Coming in the windRunning in the desert

Faster I breathe
Trying to find whatever
I cannot see
Running in the desert
Hope you find me
Hope you find me
