Day Dreamer

N'Dambi

It was a cold winter day
I was chillin' out by the pool, alright
Tryna figure out what to do with my life
It seems like everything I do is wrong, right on time
So I'll just stuff my bong
And try to drink some wine to ease my mind
Maybe everything will be fine
I'm a day dreamer, livin' in a nightmare
I'm a day dreamer, wonder why we're all here
Day dreamin', high so I don't care
I'm a day dreamer, my life is like a nightmare
I need rehab, I can't take it
Say I'm depressed, I don't see it
I'm in deep now, damn near senile
All my problems, they stress me out
Find me so high, up in smoke clouds
Walk on the sky, blowin' smoke out
Then I start thinkin', then I start drinkin'
I can't walk in the AA meetin'
Know I'm addicted, my mind is afflicted
When I can't kick it, need a one way ticket
Out of this town, out of this world
So I start dreamin', let my thoughts unfurl
I'm a day dreamer, livin' in a nightmare
I'm a day dreamer, wonder why we're all here
Day dreamin', high so I don't care
I'm a day dreamer, my life is like a nightmare
I'm sick of my job, I'm sick of my boss
I'm sick of myself and I'm sick of my thoughts
I'm sick of this drink and I'm sick of this weed
It keeps me hurlin' and down on my knees
Prayin' to the porcelain, lookin' at the stall
Somebody wrote their name
And their number on the wall
That's when I blacked out
Either that or I just passed out
That's when I start dreamin'
About some shit I don't remember
But this ain't nothin' new to me

'Cause I'm a day dreamer, fucked up
I'm a day dreamer, livin' in a nightmare
I'm a day dreamer, wonder why we're all here
Day dreamin', high so I don't care
I'm a day dreamer, my life is like a nightmare
I'm a day dreamer, livin' in a nightmare
I'm a day dreamer, wonder why we're all here
Day dreamin', high so I don't care
I'm a day dreamer, my life is like a nightmare
'Cause I'm a day dreamer
I'm a day dreamer
'Cause I'm a day dreamer
I'm a day dreamer, dreamer
