You Never Know

Rachael Lampa

I'm following the lines
Looking for the answers to a prayer
I'm looking for the signs
Waiting for the signal that you're there
If you ask why I believe
O the only thing that I could ever sayYou never know when life will turn around
One day your faith's strong the next it can't be found
And you're not looking
And all I know it's outta my control
And you never knowI try to figure in the time
When miracles should happen to appear
And when it comes down to it
There's nothing more that I can do down here
I wanna place it in your hands, in your hands
Even though I wanna understandYou never know when life will turn around
One day your faith's strong the next it can't be found
And you're not looking
And all I know it's outta my control
And you never knowIf you wanna spend your life
In your design, you're only wasting timeYou never know when life will turn around
One day your faith's strong the next it can't be found
And you're not looking
And all I know it's outta my control
And you never know
Yeah yeah
And you never know
