Without You

Justincase

It's been 2 weeks and 3 days long
I'm all alone, since you've been gone
I can't keep myself from asking why
Just wanna see my reflection, in your eyes
Just know that I'm with you
And what you feel, I feel it too, yeahI'm feelin' lately, I'm goin' crazy
Wonderin' how I'll go on without you
I keep on tryin', slowly dyin'
Thinkin' about I need you here with meI wear your shirt, the scent of you
Reminds me of the night, when we became two
There's nothing else that feels the same
Everyday there's sun it feels just like rain
Just know that I'm with you
And what you feel, I feel it too, yeahI'm feelin' lately, I'm goin' crazy
Wonderin' how I'll go on without you
I keep on tryin', slowly dyin'
Thinkin' about I need you here with meIf you think it's easy for me
Well, you're wrong
Sometimes I'm weak and baby you know
I'm not that strong, oh yeahYou're in New York and I'm in L.A.
There's so much to tell you
Words I need to say
But your phone keeps ringin'
(Ringin', ringin')I'm feelin' lately, I'm goin' crazy
Wonderin' how I'll go on without you
I keep on tryin', slowly dyin'
Thinkin' about I need you here with meI'm feeling lately, I'm goin' crazy
(I need you here with me)
Wonderin' how I'll go on without you
(How will I go on without you?)
How I'll go on without you
How I'll go on without youIt's been 2 weeks and 3 days long
I'm all alone since you've been gone
