

# Precious

## Eurythmics

Never had a lot of spendin' money  
I never had a lot of change to spare  
But darlin', do you think I worry  
Little darlin', do you think I care  
There's a whole lot of things in this restless world  
That a whole lot of money can't buy  
You can't get it from your pocketbook  
And I'm gonna tell you why  
Because it's precious  
Your love is precious, child  
Because it's precious  
Your love is precious, child  
All the different kinds of teas in China  
All the shiny little gems so rare  
Gold and silver and sparkling diamonds  
Won't ever with your love compare  
So take your cares and your troubles  
And send them all away  
Put them back where they all belong  
Forget about them for a day  
Because it's precious  
Your love is precious, child  
Because it's precious  
Your love is precious, child  
Because it's precious  
(Precious thing)  
Your love is precious, child  
(Precious thing)  
Because it's precious  
(It's precious)  
Your love is precious, child  
(Precious thing)  
A little of understanding  
(Oh yeah)  
Is gonna change your heart and soul  
(Is gonna change you)  
It's gonna heal your broken spirit  
(It's gonna heal you)  
So make love your special goal  
Because it's precious  
Your love is precious, child  
Because it's precious  
Your love is precious, child  
Because it's precious  
Your love is precious, child  
Because it's precious  
Your love is precious, child  
Your love is precious, child

Because it's precious  
Your love is precious, childBecause it's precious
