Outcast

Glee Cast

Marley:
Who's to say
Who's not okay?
The break aways
Will outlast, outlast

Jake:
Sticks and stones,
Will break these bones,
They're just somes drones
To get past, I past

Unique and Ryder:
Feeling downcast,
Like an outcast.
Underdogs its time to fight back

Marley with New Directions:
We are we are we are,
Stronger from every scar,
Brighter than any star
We're the outcast, the o-o-outcast
There's nothing you can say
To blow our dreams away
We rise above the fray,
We're the outcast, the o-o-outcast

Ryder and Kitty:
In this inn, a better then,
Of ever been, so take that, so take that.

Marley and Jake:
The test of time, will show who shines
It will be mine
Yeah, thhe last laugh, the last laugh

Unique and Ryder:
Feeling downcast,
Like an outcast.
Underdogs its time

It's time to fight back

Marley with New Directions:
We are we are we are,
Stronger from every scar,
Brighter than any star
We're the outcast, the o-o-outcast
There's nothing you can say
To blow our dreams away
We rise above the fray,
We're the outcast, the o-o-outcast

Marley and Jake:
I better be outrageous then,
Just another door pushing again
I rather be out then
Just some shade of gray.

Ryder:
We are we are we are,
Stronger from every scar,
Brighter than any star
The outcast

Jake:
The outcast

New Directions:
We are we are we are,

Marley with New Directions:
Stronger from every scar,
The outcast, the outcast

New Directions:
Brighter than any star
The outcast, the outcast. (Jake: The outcast)
We are, we are, the outcast, the outcast.
