Without You

Chanel West Coast

No damn love song could capture the way I really feel right now
No damn love song could say the words I need to hear right now
Every cloud got a silver lining so I keep climbin', findin my way
I vow to keep on trying, never be hidin'
And face the dayYou came to terms with the fact I wasn't in the mood anymore
I came to terms with the fact you wasn't my dude anymoreAnd this can't be love
I'm fallin' apart, I'm so incomplete
Need to get on my feet
And this can't be love
So far from where we used to be
Come and rescue me
I'm gon' get through the day
Learn how to fly away
With or without you
With or without you
Even in pouring rain
I'll make it through the pain
With or without you
With or without you
With or without youOk so we fight a bit
Ok so you lied a bit
Never give a shit about ano-ther chick
Till a mothafucka slick tried to play me quick
Made me sick
Act like you never did
You act like you never hit
But I'm smarter than your average
Thank God we're in a marriage
it's a wrap not Ace bandages
Take a step back, blank canvases
Tell me what's the plan, fix these damages
My heart is broken, call an ambulance
And this can't be love
I'm fallin' apart, I'm so incomplete
Need to get on my feet
And this can't be love
So far from where we used to be
Come and rescue meI'm gon' get through the day
Learn how to fly away

With or without you
With or without you
Even in pouring rain
I'll make it through the pain
With or without you
With or without you
With or without youEvery time I think of you, it tears me up inside
I thought that we'd always be, you'd never hurt me
Every time I think of you and my tears start to dry
Why can't I let you go
